The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 53, 54 and 56-70 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The terms "desired" and "type" render the scope of the claims vague and indefinite.

Claim 55 is objected to as based on a rejected parent claim, and would be allowed if written in independent form.

Claims 1-28, 30-35, 37-48, 50-52 and 71-73 are allowed.
